Summer Tutoring Sessions

It's time to plan for summer activities that include learning opportunities for your child!

Summer is a time when families and children have fun, share experiences, create memories, take vacations or just unwind. It can also be a time to explore and expand upon a student's prior knowledge, love of learning, interests and personal growth. The Student Success Center provides tutoring sessions that are tailored for the specific needs of the student. Each student receives strategy-based guided instruction, to assist in strengthening concepts, skills and topics in order to promote success and further academic growth.

- Early registration is encouraged to guarantee enrollment.
- Plan your schedule to allow your student to attend each assigned tutoring session for the full five weeks.
- Please have your student ready and prepared for each session.
- Nutritional snacks will be available.
- All academic materials will be provided by experienced tutors according to your child's needs.
